Vacancy – Please Post

Technology Consultant

The Kentucky Educational Development Corporation (KEDC) seeks a technology consultant who will work collaboratively with schools to integrate technology into instruction. Applicant must be willing to travel extensively, including potential consecutive overnight travel. This is a full time position, minimum 210 day contract.

The successful applicant should have the following:

- Bachelor's degree in education or technology-related field
- Minimum three years of successful teaching experience
- Knowledge and proficient user of computers and related technology
- Knowledge of Kentucky curriculum and assessment and instructional strategies
- Skill in integrating technology with curriculum
- Skill in working with others in a leadership position
- Ability to maintain a good working relationship with others
- Effective interpersonal and organizational skills
- Ability to articulate and adapt communication and presentation style for various audiences
- Exceptional oral and written communication skills

Duties and responsibilities will include:

- Working collaboratively with individuals or groups of teachers to integrate technology into instruction
- Assisting with curriculum and content development
- Disseminating information regarding technology resources, emerging technologies, best practices using technology, and professional development opportunities
- Facilitating or conducting technology-related professional development for school staff
- Assessing levels of teacher and student technology use and skills
- Working with appropriate division or school-based curriculum and technology staff to help school staff in integrating technology into the curriculum
- Modeling effective instructional strategies using technology
- Influencing others to achieve results
- Using data to design technology-based instructional strategies
- Recommending hardware, software, and related resources
- Identifying trends in software, curriculum, teaching strategies, and other educational areas
- Creating learning resources for teachers, staff and students
- Serving as a strong advocate for technology integration
- Willingness to travel, including consecutive overnights

To apply: Submit resume and minimum three professional references via mail using the above address, attention: Stan Riggs, or email to stan.riggs@kedc.org. Additionally, candidate should submit a proposal outlining how to offer consulting services effectively to a geographically diverse customer base and expected outcomes.
